Work Experience

German Insurance Association (GDV)

Berlin

HEAD OF ECONOMICS AND FINANCIAL MARKETS ("CHIEF ECONOMIST")

June 2022 – Now

- Leading a team of professionals responsible for conducting economic research at the intersection of macroeconomics, finance/insurance, and politics. Directly reporting to CEO Jörg Asmussen.
- Selected as one of 19 young leaders to represent Germany's largest insurance companies, providing strategic counsel to the executive board.

German Institute for Economic Research (DIW) Berlin

Berlin

RESEARCH ASSOCIATE (ECONOMIST) - FORECASTING AND ECONOMIC POLICY DEPARTMENT

Nov. 2020 – April 2022

- Data Analysis: Utilized an array of advanced tools and techniques to generate forecasts and provide insightful analysis.
- Interpretation and Reporting: Translated complex data into comprehensive reports, effectively communicating key findings and actionable recommendations to stakeholders.
- Representative Role: Served as a representative of the DIW during the Joint Economic Forecast. Also carried out media outreach to effectively communicate forecasts and economic insights.
- Research on predicting foreign exchange market intervention based on the structure of foreign reserves.

Council of Economic Analysis (French Prime Minister's Office)

Paris

RESEARCH ASSISTANT

Sept. 2015 – Sept. 2016

- Data Collection and Statistical Analysis: Proficiently collected and analyzed data using various statistical techniques (descriptive statistics, panel data, time series).
- Report Drafting: Produced several comprehensive reports, notably focusing on evaluating the attractiveness of France as a preferred firm headquarters location using firm-level microdata.
- Research Support for Council Members: Provided assistance in research activities for Council members, including the drafting of policy proposals addressing the French Prime Minister, relevant ministries, and European institutions.

Hertie School

Paris

RESEARCH ASSISTANT FOR JEAN PISANI-FERRY

Sept. 2014 – June 2015

- Graduate-Level Course Support: Offered assistance in graduate-level courses on macroeconomics, specifically focusing on the economics of public spending reduction and economic policy.
- Contribution to Academic Publication: Collaborated with authors Agnès Bénassy-Quéré, Benoît Cœuré, and Pierre Jacquet in the preparation of the 2nd edition of "Economic Policy: Theory and Practice," published by Oxford University Press in 2019. Assisted in data preparation and proofreading tasks.
